### **4 day Kruger Safari Train on The Bridge and Panorama Route**

Experience the Kruger National Park from a train, elevated on a bridge while you have stunning views over the Sabie River watching hippos, crocodile, buffaloe and more. Carriage Suites located on the Train on the Bridge provide immersive comfort from the most unique location in the Kruger National Park: the historic bridge, where the very first visitors to the Park had a pioneering stay – a reminder of the 1920's rail safari, with a contemporary interpretation reflective of the marvel of African design.
